- The values of openness and tolerance.

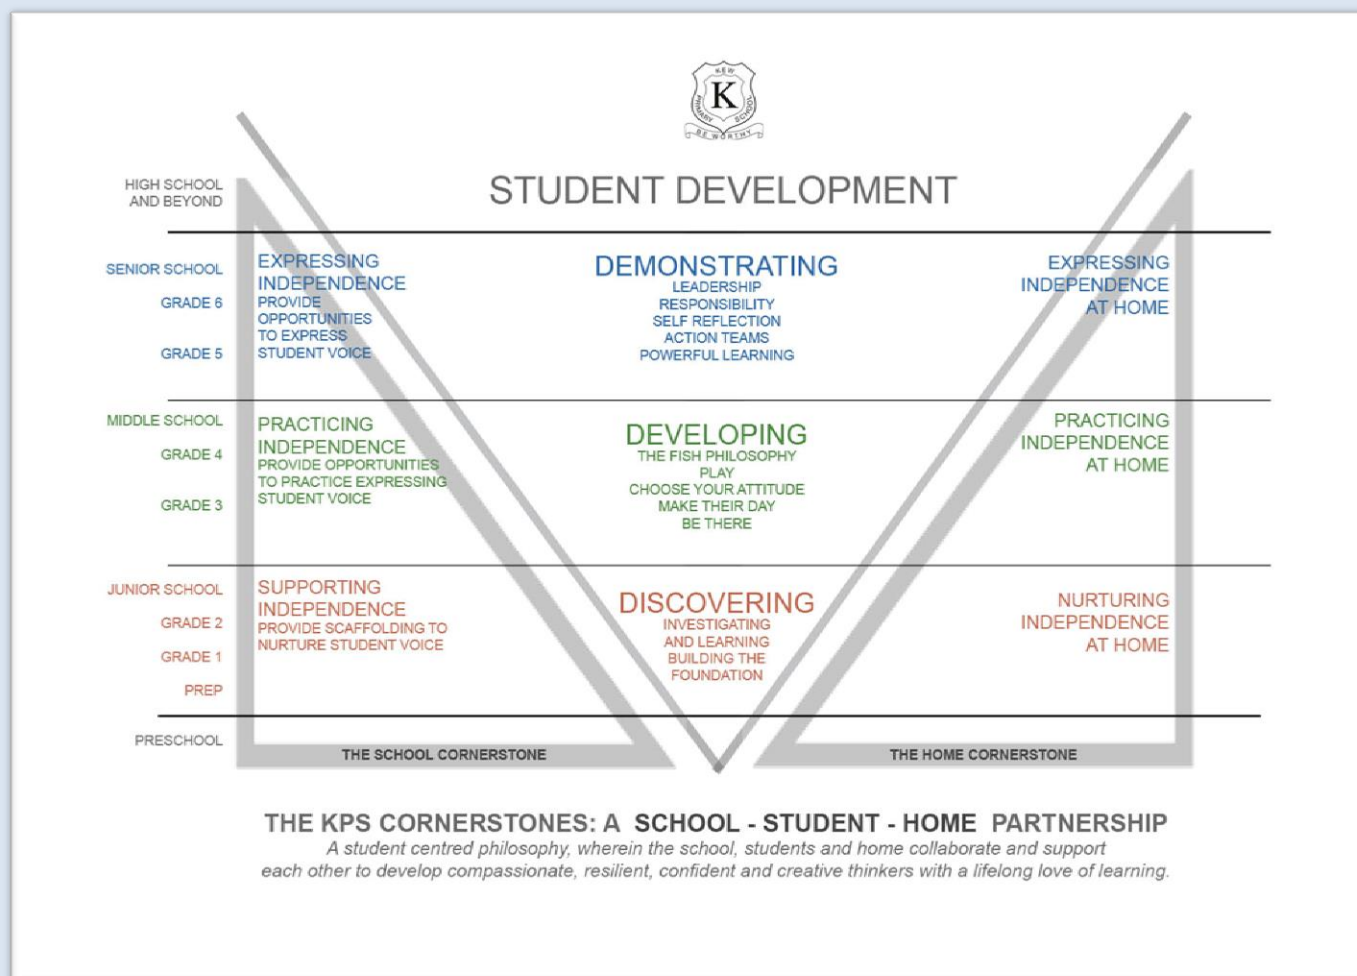

Enactment of School Philosophy:

Kew Primary School believes that parents and staff, in partnership, are the essential cornerstones needed to build caring, resilient, engaged learners in the 21st century.

This partnership is strengthened by the interconnecting mortar between parent - student - teacher of acting responsibly and providing equal voice to all, in line with DET requirements.

The partnership can be represented in the Kew Cornerstone/Bricks and Mortar Diagram:

The School is committed to actively preventing and addressing bullying, including cyber bullying.

In all documents, in all practice by students and teachers, in work with the School Council and the community, in all teaching and learning programs, in all school initiatives, in all internal and external interactions, in all organizational structures and practices the vision of the school sits at the centre and there are expectations about all work aligning with the school vision. Regular evaluation processes are in place to measure performance in all areas of the school with respect to the implementation of the vision and values of the school.
