Billy cart incursion Year 6

Who, what, when

On Tuesday the 10th of February year 6 had a Billy cart incursion at school, on the basketball court. We split up into 4 groups, each group had a different activity. The activity were designing your billy cart, constructing with different tools, racing the billy carts & building the billy carts.

What was the point of having the Billy Cart incursion?

The point of the Billy Cart incursion was to improve our teamwork skills, have fun and to learn about Billy carts. We needed to improve on teamwork because teamwork will help us during class, outside of school and in our life ahead of us. We also wanted to learn about Billy carts and how to build Billy carts.

What values were the most important during the Billy Cart incursion?

The most important values during the Billy Cart incursion were using the CARE values. We needed to work as a team, help others, show effective communication and active listening. We needed to use the values to work as a team and to complete the task.

Some students were happy to share their thoughts about the activity during the Billy cart incursion.

What did you enjoy about the Billy Cart incursion?

- Daichi: "I enjoyed the racing activity because I learnt how to drive/control a Billy Cart."
- Adriaan: "I enjoyed the Billy Cart incursion because of the varieties of activities."
- Georgia: "I enjoyed the Billy Cart incursion because it was very interactive."

Kind regards
